**THE RIGHT PRODUCTS FOR THE JOB**

# WELCOME TO SIG ROOFING

## Always in stock Always available

SIG Roofing's **Core Range** means you can get your hands on the everyday essential roofing products **WHENEVER** you need them! Focusing on the essentials is just part of our commitment to making your life as easy as possible. Visit any SIG Roofing branch and you will find our Core Range of products in stock – so you can always get on with the job.

- Slate
- Batten & Timber
- GRP
- Compounds & Solutions
- Insulation
- Liquid Waterproofing
- Torch on Felt
- Fibre Cement
- Underlays
- Lead & Lead Replacement
- Rainwater
- Nails & Fixings
- Roof Windows Flashings
- Tools & PPE

.... with many more specialist products available.

# INTRODUCTION

By understanding how important your time is, we are here to help take some of the pressure off. As the UK's largest specialist merchant of roofing products and services - with over 40,000 roofing products, we are ready and waiting with all the products you need, when and where you need them.

Core Range has been designed to ensure that you can get the everyday essential roofing products, as well as a wide range of specialist products – exactly when you need them. It's our commitment to you that whatever you need to get the job done, first time, is always available.

In this brochure you'll find all the products that make up our Core Range and with over 165 branches nationwide, SIG Roofing's got it covered for you.

What's more, our friendly, local teams are always ready to share their passion for roofing, expertise, knowledge and impartial advice.

## **We're here to help you with the right products for the job...**

- Specialist in pitched, flat and industrial roofing
- Over 40,000 roofing products
- Supply roofing products from leading manufacturers
- Over 400 delivery vehicles ensuring reliable next day deliveries
- Sample and matching service
- Expert advice and support in branch and direct to you on-site
- Over 165 branches nationwide with roofing products always available and always in stock

**The right products for the job**

**SIG** ROOFING

Branches will carry the Commercial Range as standard and either Specification or Classic Ranges - depending on local markets.

## SPECIFICATION RANGE

A selection of high-quality first-selection slates, covering a broad range of colours and textures to fulfill almost any specification desired. SIGA's Specification range is carefully tailored to each part of the UK, and regional favourites are stocked in depth for rapid availability and service.

SIGA Specification slates are a popular choice with homeowners, self-builders and developers, due to their consistency, quality, smooth roof finish and market-leading warranties.

All Specification slates are W1( $\leq 0,6\%$ ), T1, S1 to comply with NHBC requirements and have a 75 Year Warranty.

## COMMERCIAL RANGE

Ideal for the refurbishment & volume developer market, SIGA's Commercial Range is recommended for experienced slaters, as thickness and quality can be variable so sorting and grading is strongly recommended for the best aesthetics.

All slates are W1( $\leq 0,6\%$ ) T1, S1 to comply with NHBC requirements.

30 Year Warranty with all Commercial Slates.

## CLASSIC RANGE

SIGA Classic slates require careful sorting and grading in order to produce a good roof finish, however meet the same strict testing and certification criteria as the higher grades.

Ideal for budget conscious projects, all slates are W1( $\leq 0,6\%$ ) T1, S1 to comply with NHBC requirements.

30 Year Warranty with all Classic Slates.

## FIBRE CEMENT SLATE

### FIBRE CEMENT

Slates  
Double Slates

**600 x 300mm**  
**600 x 600mm**

Cost-effective, smooth, square edged fibre cement slates that are manufactured to the highest European standards.

## CONCRETE TILES

### FLAT GREY METRIC INTERLOCKING TILE

Flat Metric Interlocking (Grey)

A flat, smooth, single-lap interlocking design with a slate-like appearance.

### RIDGE TILES

A wide range of grey Concrete Ridge Tiles. Ideal for use with Concrete Tiles, Fibre Cement and Natural Slate.

1/2 Round

Multi Angle

1/3 Round

## AIR PERMEABLE

Underlay

**50m x 1.0m (50m<sup>2</sup>) Blue**  
**50m x 1.5m (75m<sup>2</sup>) Blue**

Air open and vapour permeable “breathable” roofing underlays that allows water vapour to escape from the roof structure.

The range available in branches is dependent on local market needs. Branches will hold at least one of the above.

## VAPOUR PERMEABLE

Pitched Roof Underlay 122g  
Pitched Roof Underlay  
(with Dual Integrated Tape)  
Pitched Roof Underlay 122g  
Pitched Roof Underlay  
(with Dual Integrated Tape)

**50 x 1m (50m<sup>2</sup>) Grey**  
**50 x 1m (50m<sup>2</sup>) Grey**

**50 x 1.5m (75m<sup>2</sup>) Grey**  
**50 x 1.5m (75m<sup>2</sup>) Grey**

A high performance breathable (vapour permeable) underlay for use in both vented and non-vented cold and warm pitched roofs.

The range available in branch is dependent on local market needs. Branches will hold at least one of the above.

## PITCHED ROOF ACCESSORIES

### Aluminum Foil Tape

**100mm Wide**

A flexible and strong bright aluminium tape for use on most surfaces.

### Baby Galvanised Hip Irons

Baby Galvanised Hip Irons can be easily fixed to a hip rafter to secure tiles in place and prevent them sliding off the roof.

### Standard Galvanised Hip Irons

Standard Galvanised Hip Irons can be fixed to a hip rafter to secure tiles in place and prevent them sliding off the roof.

### Eaves Filler Comb

**1m**

A simple and effective way of preventing birds and vermin from entering the batten cavity below profiled concrete interlocking tiles whilst allowing airflow into the batten cavity.

### GRP Slate Valley (Grey)

**330mm x 3m**

A suitable alternative to lead, designed for use with natural slate.

### GRP Tile Valley (Grey)

**380mm x 3m**

A suitable alternative to lead, designed for use with natural slate, fibre cement slate and plain tiles.

### In-Line Slate Vent (Grey)

Primarily used for roof space ventilation, they can also be used for soil ventilation or mechanical extraction.

### In-Line Flat Vent (Grey)

Designed for ventilation of the roof space as well as conversion into a service terminal where required. The in-line design of this vent allows for it to blend naturally into the roof without any obtrusive hoods being left on show.

## Slate Profile Adaptor

---

The adaptor is clipped onto the downpipe of a Slate Vent, ideally before installation.

## Flexible Pipe

---

**100/100mm**

Flexible Pipe range provides an economical, quick and effective connection to standard 100ml (4") soil pipes and ventilation ducting systems.

## Underlay Support Tray

---

**310mm x 1.5m**

A simple and effective product to prevent the exposure of the roofing underlay at the eaves, which can lead to long-term degradation of the underlay.

## Universal Dry Fix Ridge and Hip System

---

**6m**

Suitable for most ridge and hip applications and comprises of: Ridge Roll, Ridge Batten Brackets, Ridge Unions with Union Clips, Stainless Steel Screws and Stainless Steel Clamping Plates - additional components may be required for hips.

## Bonding Strip

---

**225mm x 3m**

Provides a watertight junction above the party wall between different roof finishes when re-roofing.

## Undercloak

---

**1220 x 150mm**

Consistent in thickness, meaning the mortar does not crack over the joints when it dries out, and strong enough despite its slender appearance to cope with the rigours of the re-roof or new build project.

## Flashing Strip

---

**150mm x 10m**  
**225mm x 10m**  
**300mm x 10m**

A self-adhesive bituminous sealing strip which bonds instantly to provide a permanent watertight seal.

# TIMBER

## PREMIUM GOLD BATTEN

Premium Gold

**25 x 50mm**

**25 x 38mm**

Premium Gold is the highest grade of roofing batten, incorporating a unique and distinctive gold colouration that offers full quality transparency. Fully graded to comply with BS 5534:2014.

## SAWN AND TREATED SOFTWOOD

**19 x 38mm**

**25 x 38mm**

**25 x 50mm**

**50 x 50mm**

**47 x 100mm**

Available in various lengths ranging from 3m up to 5.4m, in 300mm increments.

## GALVANISED FELT

ELH Felt

**20 x 3.00mm 1kg**  
**30 x 3.00mm 1kg**

Extra large head nails for installation of roofing felts.

## GALVANISED

Round Wire

**100 x 4.0mm 1kg**  
**65 x 3.35mm 1kg**

Most suitable for soft materials such as plasterboard and roof felt.

## ALUMINUM

Clout

**38 x 3.35mm 1kg**  
**50 x 3.35mm 1kg**  
**60 x 3.35mm 1kg**  
**65 x 3.35mm 1kg**  
**70 x 3.35mm 1kg**

Aluminium nails are commonly used for securing tiles and other sheet materials.

## COPPER

Copper Disc Rivets

**19mm Pack of 100**  
**19mm Pack of 1000**

Used for fixing fibre cement roof slates. Soft and easy to bend, while remaining resistant to corrosion.

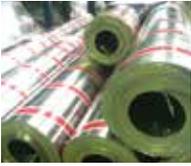

Clout

**30 x 2.65mm 1kg**  
**38 x 3.35mm 1kg**

Copper has a similar life expectancy to lead and holds without restricting thermal movement.

## LEAD

Various lengths of milled lead manufactured in accordance with BS EN 12588:2006:

Code 3	<b>180mm x 6m</b>
Code 4	<b>150mm x 3m &amp; 6m</b>
Code 4	<b>240mm x 3m &amp; 6m</b>
Code 4	<b>300mm x 3m &amp; 6m</b>
Code 4	<b>390mm x 3m &amp; 6m</b>
Code 4	<b>450mm x 3m &amp; 6m</b>
Code 5	<b>450mm x 3m &amp; 6m</b>

Lead Roll

**2.4m**

Quality non-structural timber to enable easy movement of lead.

## LEAD ACCESSORIES

Flexislate Code 4 Lead Base Pitch

**450mm**

Flexislate offers high performance pipe shielding made from a combination of Code 4 lead and bonded EPDM.

Hall Lead Clips

**Pack of 50**

Allows you to fix flashings up to 20 times faster than using standard lead wedges. The easy to fit clip will secure any flashing chase from 6-18mm.

Patination Oil

**1ltr**

A white spirit based liquid which provides a protective coating against carbonate formation on the surface of Lead Sheet which can discolour surrounding brickwork or tiles.

## Sure Clips

**Pack of 100**

A versatile clip that allows small roof tile cuts to be mechanically fixed in accordance with BS 5534:2014.

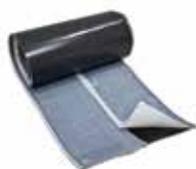

## Flashpoint Lead Sheet Sealant (Grey)

**310ml**

Flashpoint provides a preferred alternative to the use of mortar as a pointing material for lead-brick and lead-masonry joints.

## LEAD REPLACEMENT

## Lead Replacement

**150mm x 6m**  
**300mm x 6m**

Lead replacement flashing in a graphite colour finish with a centred self-adhesive strip for easy application.

## ROOF WINDOWS

White Painted Pine Centre Pivot Roof Window

**55 x 78cm**  
**55 x 98cm**  
**78 x 98cm**

Centre pivot roof windows in high quality pine with a protective white paint. The top control bar makes the window easier to open, whilst the ventilation flap can be operated with the window closed.

## FLASHINGS

Slate Flashing

**55 x 78cm**  
**55 x 98cm**  
**78 x 98cm**

Designed to allow the standard installation of a single roof window into a slate roof.

Tile Flashing

**55 x 78cm**  
**55 x 98cm**  
**78 x 98cm**

Ideal for installing roof windows into tile roofs.

## BEDDING MORTAR

Roof Tile Bedding Mortar

Bedding Mortar mix is a kiln dried, pre-blended, factory produced 1:3 cement/sand mortar complying with the requirements of BS EN 998-2.

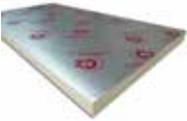

## LOFT ROLL

### Loft Roll Combi-Cut

Primarily used for the thermal insulation of pitched roofs at ceiling level, it can also be used to thermally insulate floors. 100mm Thickness.

## PITCHED ROOFING INSULATION BOARD

### Insulation Board

**50 x 2400 x 1200mm**

Pitched roof insulation is ideal for new roofs, refurbishing a roof or doing a loft conversion.

# OTHER ACCESSORIES

## REPAIR

### Hall Hooks (Slate Repair Fixing)

**Pack of 10**

Hall hooks are permanent, secret and fail safe devices that can be used when replacing a broken slate. An improvement to existing methods that can be expensive, complicated and unsightly.

## COWLS

### Capping Cowl & Strap (Terracotta)

---

A Capping Cowl is used to cap off unused chimneys whilst also providing good ventilation.

### Junior Multifuel Birdguard + Strap (Terracotta)

---

Provides a larger opening for escaping gases than standard birdguards.

### Junior Strap Fix (Terracotta)

---

A static anti-downdraught chimney cowl, made from aluminium for durability.

### Cowl Strap Fixing (Terracotta)

---

Offers the most aerodynamic downdraught protection a static cowl can offer.

## FLAT ROOFING

The Flat Roofing systems that we supply range from those at the cutting edge of modern Flat Roofing technology to the more traditional techniques.

With expertise, experience and knowledge, our staff will make sure you receive the right products and support to allow you to complete any flat roofing project.

With our proven nationwide logistics network and vast supply chain management experience, Core Range ensures you get the right products, in the right place, in the right quantities, and at the right time. Our range of Flat Roofing products brings you the highest quality products and the expertise and advice you need for:

- Liquid Waterproofing
- Torch On Felt
- GRP
- Compounds & Solutions
- Flat Roof Insulation

# LIQUID WATERPROOFING

## LIQUID WATERPROOFING

### Liquid Waterproofing (Anthracite)

**5ltr & 15ltr**

A new hybrid polymer liquid waterproofing system that is fully reinforced with a polyester membrane and cures through contact with moisture in the atmosphere. Being largely independent of the weather, it can be applied under practically any conditions, even on cold, wet days and on damp surfaces.

## FABRIC

### Liquid Waterproofing Fabric

**1m x 25m**

Used to fully reinforce Liquid Waterproofing, creating a flexible and strong waterproofing system.

## JOINTING TAPE

### Jointing Tape

**100mm x 25m**

A polyester reinforced self-adhesive tape designed to seal joints and seams on all surfaces prior to the application of the accompanying Liquid Waterproofing system.

## LIQUID WATERPROOFING ACCESSORIES

### Mixing Attachment

**76mm**

Carbon steel with easy clean zinc plating. For mixing paint, plaster, cement slurries and textured coatings.

### Scissors

Industry standard scissors that can be used on a variety of materials.

## UNDERLAY

### Torch On Felt SBS Universal Underlay

**16 x 1m**

Torch On Felt SBS Universal Underlay comes in 16 x 1m lengths, with a sand finish. Roll weight of 36kg.

### Polyester Sand Underlay

**20 x 1m**

A polyester base for toughness and durability with a SBS modified bitumen coating.

## CAPSHEET

### Torch On Felt SBS or APP Capsheet

**8 x 1m Green**

**8 x 1m Black**

**8 x 1m Brown**

**8 x 1m Blue Grey**

SBS or APP Capsheets consist of a polyester carrier coated with SBS or APP modified bitumen.

Branches will carry APP or SBS dependent on local market conditions. They will also carry a minimum of two colours.

## ARRIS RAIL

### Arris Rail

Arris Rails are used to create an upstand that ensures water flows smoothly. These are available in various lengths from 3m to 4.8m.

## OSB

### OSB3 18mm Tongue & Groove

**2400 x 600mm**

A strong, versatile board suitable for structural use. Ideal for applications as diverse as roofing, flooring, hoarding and wall sheathing etc.

### OSB3 18mm Flat Board

**2440 x 1220mm**

A strong, versatile board suitable for structural use. In ideal for applications as diverse as roofing, flooring, hoarding and wall sheathing etc.

Our branches will stock either Tongue & Groove or Flatboard, depending on market requirements.

## FLAT ROOFING ACCESSORIES

### 3.4mm Oil Tempered Drip Former

**75 x 1200mm**

Pre-formed sections enhance the speed of installation and consistency of the finished detail.

### Propane Gas

**19kg**

Used in conjunction with a gas torch for the installation of Torch On Felt.

### Torch Kit With Hose

**10m**

Self-igniting gas torch with 10m hose and regulator.

### Regulator 0-4 bar

---

0-4 bar gas regulator with nut and tail.

### Gas Hose

---

**8mm x 10m**

Rubber Hose with metal nuts and tails.

## GRP

### Resin (Clear)

---

**10kg & 20kg**

Specially formulated for ease of application and to leave a tack free finish suitable for adhesion with the topcoat. It also boasts a low styrene emission and colour change system, showing the catalyst addition has taken place.

### Topcoat (Grey)

---

**10kg & 20kg**

For easy application by both roller and brush, to provide a tack free finish when cured and to ensure suitability for use in a wide range of application conditions.

### Chopped Strand Mat One Edge Trim

---

**450g x 96.6cm**

E-Glass randomly chopped strand mat for use in hand lay-up and continuous lamination.

### Catalyst (Clear)

---

**500g**

A catalyst is the activator used to start the curing process of the resin or topcoat. A catalyst **MUST BE ADDED** to the resin or topcoat to activate the hardening process.

### Woven Glassfibre Tape

---

**50mm x 50m**

Woven tape is used to bandage small gaps, and join trim edges and corners together. Simply cut the required length and wet out with resin onto the surface.

### Flat Edge Drip Trim 90 x 90mm (Mid Grey)

**3m**

Fitted to the roof edges to allow drainage into the gutter.

### Raised Edge Trim 125x130mm (Mid Grey)

**3m**

With raised edge to prevent water running off roof.

### Wall Fillet 120 x 60 x 80mm (Mid Grey)

**3m**

Used to butt against walls and provides perimeter expansion gap.

### Flat sheet (Mid Grey)

**20m**

Used where a pitched roof meets a flat roof.

## GRP APPLICATION TOOLS

### Acetone - Brush Cleaner (Clear)

**5ltr**

Pure acetone used to clean uncured resin from brushes, tools and equipment.  
Virgin acetone to BS 509.

### Catalyst Dispenser

**80ml**

1L Body with 80ml measuring capacity.

### 10" Resin Roller Refill

**18mm Pile**

Nylon, recommended for resins.

### 10" Topcoat Roller Refill (Velour)

Velour, recommended for gelcoats.

### 10" Roller Frame Only

10" Roller frame.

### Fin Roller

**140 x 22mm & 235 x 22mm**

Vertical grooves for best air release. Much less resin splashing than paddle rollers. No loose washers that clog.

### Bucket (White)

**20ltr / 25ltr**

Plastic buckets with handles for mixing or storing resins. Available with or without lids.

### Latex Gloves

**Box of 100**

Latex gloves lightly powdered, box of 100.

### Swivel Sanding Pad Only (For extension pole)

Swivel pole sander head for sanding off large areas - use with an extension pole and simply clamp on your sand paper.

### Telescopic Aluminium Pole

Metal Telescopic Pole 80-135cm (32-53") comes with a screw and taper cone to allow fitment to majority of handles.

## COMPOUNDS & SOLUTIONS

### PATCH & REPAIR

#### Roof Repair System (Grey)

**5kg & 20kg**

A low odour, low VOC, solvent based acrylic resin system for use when waterproofing or repairing various roofing systems.

### PAINTS & PRIMERS

#### Quick Dry Bitumen Primer

**5ltr & 25ltr**

A fast drying primer used to seal and prepare surfaces for the application of bituminous waterproofing products.

#### All Weather Roof Coat

**5ltr**

A flexible, bituminous coating containing reinforcing fibres and designed for easy application to protect and prolong the life of existing roofing systems.

#### Aluminium Paint

**5ltr & 25ltr**

A solar reflective coating suitable for the protection of metal and bituminous roofs against the effects of UV & heat ageing.

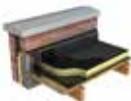

#### Roofing Felt Adhesive

**5ltr**

A cold applied adhesive used for bonding and sealing roofing membranes. Covers up to 1.5m<sup>2</sup> per litre.

## FLAT ROOF INSULATION

#### PIR Insulation Board

**120 x 600 x 1200mm**

Lightweight easy to cut, handle and install and suitable for a variety of systems.

#### Liquid Polyurethane Adhesive

**5.5kg**

Moisture curing one-component PU adhesive for the efficient, clean, economical and durable bonding of roof insulation panels.

## INDUSTRIAL ROOFING

We only work with, and supply quality materials from, leading manufacturers in the industry. That way you can have total confidence in our products, often backed by manufacturer warranties and support. Our unrivalled position in the industry means we can source many products in the marketplace, supplying either individual components or whole system solutions. With our proven nationwide logistics network and vast supply chain management experience, Core Range ensures you get the right products, in the right place, in the right quantities, and at the right time.

## PROFILE 3 FIBRE CEMENT

### PROFILE 3 FIBRE CEMENT SHEETS

#### Profile 3 Standard

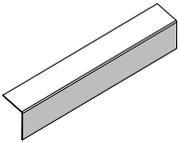

**3050mm**

Profile 3 is easy to handle and suitable for small structures in the agricultural, industrial and domestic sectors such as housing, garages, general purpose sheds and smaller buildings. Suitable for roofs with a pitch of down to 10 degrees. 5 and 8ft lengths are also available to order.

#### Two Piece Closing Fitting Ridge Inner & Outers

An adjustable ridge solution for use on roofs with pitches from 5 to 45°.

#### External Corner Piece

**200 x 200 x 3000mm**

Used as a corner flashing when installing Fibre Cement sheets on the wall. Can also be used as a plain wing Barge Board.

### ROOFLIGHTS TO SUIT PROFILE 3 FIBRE CEMENT SHEET

#### Class 3 2.44kg

**3050mm**

Manufactured from glass reinforced polyester resin (GRP), with unique light diffusing additives which scatter light passing through, to provide effective daylighting without hot spots or excessive glare. (Talk to an advisor in branch for advice and recommendations on Fire Grades and weights that are available to suit bespoke project applications).

## ACCESSORIES & FIXINGS

### Butyl Mastic Roll

**6mm x 5mm x 9.6m**

Butyl rubber mastic sealant to be used on side and end laps of steel sheeting.

### 85mm Light Section Fixing with BAZ Washer

Used to fix Fibre Cement Sheets into light gauge purlins or sheeting rails.

### 95mm Timber Fixing with BAZ Washer

Screws designed to fix your profile 3 Fibre Cement Sheets into a timber frame strongly and securely.

### Profile 3 Foam Fillers

For use with Profile 3 fibre cement or asbestos sheets or Profile 3 GRP sheets.

### 16mm Colour Caps (Poppy Red)

For attaching to the top of Hex fasteners when installing GRP sheets (best practice recommendation).

### 5/16 Hex Head Drive Adaptor

Innovative bit of kit that makes it easier to use a powdered drill to insert fixings.

## ROOFLINE

As one of the UK's leading providers of Roofline, Rainwater and Building Plastics you are guaranteed to find the expertise and stock availability you need to support your business.

With our proven nationwide logistics network and vast supply chain management experience, Core Range ensures you get the right products, in the right place, in the right quantities, and at the right time. Our range of Building Plastics products bring you the highest quality products and the expertise and advice you need.

**SIG** ROOFING

## FASCIA & SOFFIT

In-Line Joint

**300mm**  
**500mm**

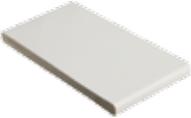

For use with universal / full replacement board to join lengths together.

Corner Joint

**300mm**  
**500mm**

Fascia corner joint trim completes a fascia corner for a neat and professional finish to universal / full replacement board.

Multi-Purpose / Soffit Board

**150mm x 5m**  
**200mm x 5m**  
**250mm x 5m**

Used as a soffit board for a smooth modern finish. Easy to handle, cut and install. Robust and durable.

Capping Board

**150mm x 5m**  
**200mm x 5m**  
**250mm x 5m**  
**300mm x 5m**

Suitable as fascia (refurbishment - install over a sound timber support), window board or reveal liner.

Rigid Angle

**25 x 25mm x 5m**  
**50 x 50mm x 5m**

A versatile product in a number of different sizes that can be used to finish off many types of upvc applications. Sizes may vary due to locally stocked brand.

## HOLLOW SOFFIT

Hollow Soffit

**300mm x 5m**

A popular choice for soffit that can be used diagonally or vertically. Easy fit with a tongue and groove profile.

Hollow Soffit H Trim  
Hollow Soffit J Trim

5m  
5m

Trims for use with soffit and universal boards.

Circular Soffit Vent Standard (White)

Circular Soffit Vents are easy to install, providing eaves ventilation through the soffit for new build or re-roofing.

Eaves Protector (Black)

1.5m

Used at the eaves of a roof to support and protect roofing underlay.

Fascia Vent

10mm

Smooth leading edge for fitting on the top of fascia to ensure constant air flow into roof space between fascia board and felt.

## RAINWATER

### BLACK

112mm Half Round Gutter

4m

Connects to most other metal or plastic guttering systems and in conjunction with 68mm downpipe and fittings.

112mm Half Round 90° Angle

A practical, easy to install system with good flow capacity and pre-lubricated seals. A cost effective solution for both new build and refurbishment applications.

### 112mm Half Round 135° Angle

---

A practical, easy to install system with good flow capacity and pre-lubricated seals. A cost effective solution for both new build and refurbishment applications.

### 68mm Round 92.5° Offset Bend

---

Practical and easy to install.

### 68mm Round 112.5° Offset Bend

---

112.5° downpipe offset bend for 68mm system. Practical and easy to install.

### 68mm Round Shoe

---

To be used at the end of downpipe run to divert water away from the building. For 68mm system.

### 68mm Round Pipe Clip

---

Holds downpipe in place and supports the downpipe to the wall. Fixed at 1.8m centres.

### 112mm Half Round External Stopend

---

To be placed at the end of the gutter run.

### 112mm Half Round Fascia Bracket

---

To be spaced every 1m (maximum) along the gutter run.

### 112mm Half Round Running Outlet

---

To join two lengths of gutter together.

### 112mm Half Round Stopend Outlet

---

To be placed at the end of the gutter run.

### 68mm Round Pipe

---

**2.5m / 5.5m**

The original Round profile. Connects to most other metal or plastic systems using our extensive range of adaptors.

### 68mm Round Pipe Socket

---

For use with Half Round & Hi-Cap rainwater systems.

### 112mm Half Round Union Bracket

---

Joins gutter together. Pre-lubricated fitted gutter seal with good flow capacity and retaining clip system for fast user friendly installation.

### 68mm Round 67.5° Branch

---

High quality and easy to install.

## HIGH CAPACITY

### HiCap 115mm x 75mm Gutter (Black)

---

A semi-elliptical profile. High capacity - ideal for large roof areas.

### HiCap 90° Angle (Black)

---

A semi-elliptical profile, ideal for large roof areas.

### HiCap External Stopend (Black)

---

To be placed at the end of the gutter run.

### HiCap Internal Stopend (Black)

---

To be placed at the end of the gutter run.

### HiCap Fascia Bracket (Black)

---

To be spaced every 1m (maximum) along the gutter run.

### HiCap Running Outlet (Black)

---

To allow water to disperse from the gutter into the downpipe.

### HiCap Union Bracket (Black)

---

Joins gutter together. Pre-lubricated fitted gutter seal with good flow capacity and retaining clip system for fast user friendly installation.

## ROOFLINE ANCILLARIES

### Polytop Pins (White) Polytop Nails (White)

---

**40mm**  
**65mm**

Headed pins and nails that are ideal for fixing Fascias and Soffits into timber joists.

### Multi-Purpose Screw

---

**5 x 30mm**  
**5 x 40mm**  
**5 x 50mm**  
**5 x 70mm**

Multi-purpose screws are ideal for use with a range of materials. Available in packs of 200.

### Plastic Leaf Guard

---

This Universal Plastic Leaf Guard is sized 60mm - 125mm.

## SILICONES & SEALANTS

Core Range offers an array of essential silicones, sealants, solvents, cleaning materials and adhesives to help you complete your project with a high quality finish.

**SIG** ROOFING

## SILICONES AND SEALANTS

### LMN Silicone (Clear / Brilliant White)

**300ml**

Ideal for sealing joints and perimeter pointing around all types of window and door frames. Various colours available and will be stocked according to the foil held in branch.

### Pro Grab Adhesive (Black / Clear / White)

**290ml**

Instant grab adhesive based on MS polymer technology. It has initial bond strength double that of most other grab adhesives, therefore eliminating the need for secondary support on the majority of applications.

### Superglue Activator

**200ml**

Super glue Activator is used for speeding up the cure time of cyanoacrylate super glue.

### Superglue High Viscosity

**50g**

Cyanoacrylate adhesive provides high strength, rapid bond to plastic, rubbers, ceramics, wood, metal and most other surfaces.

### uPVC Solvent Cleaner

**1ltr**

Solvent based product formulated to remove ingrained dirt from PVCu and most plastics. Also suitable to restore an "as new" look to old windows and plastic garden furniture.

### Caulking Gun

Branches hold Caulking Guns that are suitable for a variety of cartridges sizes from 300ml to 400ml.

### Heavy Duty Wipes

**80 per tub**

Wipes contain a high specification degreasing solution impregnated into 'ready to use' wipes. The degreasing solution will remove a wide range of contaminants such as oils, greases, waxes, tar, bitumen, wet paint and sealants.

## GENERAL TOOLS & PPE

Whether it is a Pitched Roof project, or a Flat Roofing application, our Core Range offers a wide range of high quality tools, PPE and accessories to help you get the job done.

### Cotton Dust Sheet

**2.7 x 3.6m**

100% cotton dust sheets made from a single woven sheet of fabric with no joins.

### Long Series Drill Bit

**4.0mm**

Precision high speed twist drill bits. Fully ground in a bright finish.

### SDS Drill Bit

**6.0 x 210mm**

SDS drill bits deliver speed, accuracy and durability.

### Soffit Cutter

A specially designed High Speed Steel holesaw fitted with an integral arbor and replaceable pilot drill.

### Dust Pan & Brush Set

Ergonomically designed Dustpan and Brush set.

## Standard Ratchet Tie Down

Standard ratchet tie down; used for securing products on vehicles.

## Hammer Tacker

Heavy duty steel construction hammer tacker with anti-slip soft rubber grip. Loads 2 full strips of staples.

## Bass Broom Complete

**450mm**

Bass broom with 450mm head (18 inches) Heavy duty, suitable for outdoor use.

## Mop/Broom handle

**1200mm x 23mm**

For use with our range of Broom Heads and Mop Heads.

## Bungee Strap

**1220mm**

High quality 1220mm (48 inches) Bungee Cord / Strap provides an effective way of securing loose items.

## 16oz Claw Hammer Steel Shaft

Dual purpose general use hammer allows nails to be driven in and also extracted by the claw.

## Scriber

This double tip Scriber is ideal for scribing laminates and tiles.

## Economy Paint Brush

**50mm, 76mm & 100mm**

A range of standard flat paint brushes with wooden handles.

### Slate Cutter & Hole Punch

---

Roof slate/tile cutters with spring loaded comfort grip handles.

### Heavy Duty Blades

---

**Hooked (Pack of 10)**  
**Straight (Pack of 10)**

Quality heavy duty hooked and straight roofing trimming blades.

### Chalk Reel

---

**30m**

To achieve perfectly accurate chalk lines over long distances.

### Chalk Refill

---

**Blue 224g**  
**Red 224g**

Perfect for drawing on a wide range of surfaces.

### Gas Refills

---

Replacement gas cylinder for the Oxyturbo lead welding and lead burning kit.

### Oxygen Refills

---

Replacement oxygen bottle for use with the Oxyturbo welding kit.

### Plastic Bucket (Black)

---

**3 Gallon**

Reinforced upper rim for extra strength.

### 2 Ply Paper Roll (White)

---

**150cm**

High quality 2 ply recycled tissue paper ideal as a general tissue wipe.

### Gauging Trowel

---

**180mm**

Used for mixing mortar and applying small amounts in confined areas.

### Pointing Trowel

**150mm**

Perfect for pointing and applying small amounts in confined areas.

### Quality Scraper

**75mm**

Made from hardened, tempered steel with a hardwood handle.

### Expansion Plug (Brown)

**7mm**

Universal plug to fix into any wall, ceiling or floor.

### Roller Frame

**230 x 45mm**

Suitable for 230mm sleeve with 45mm inside diameter. Handle fits extension pole with screw in facility.

### Rollerframe Fleece Sleeve

**230mm**

Replacement fleece sleeve for a paint roller.

### Universal Hand Saw

**500mm**

All-round saw, perfect for cutting a wide range of materials.

### 22" Hand Saw For UPVC & Fascia

**550mm**

A hardpoint saw for cutting UPVC and hard plastics.

### 22" Universal Hand Saw

**550mm**

A fast cutting hardpoint wood saw perfect for use both along and across the grain.

### Extra Cut Snips

Multi-purpose snips for most sheet materials.

### Soft Feel Tape Measure

**5m & 8m**

Integrated belt clip and wrist band with impact absorbing rubber casing for better grip and comfort. Auto lock blade system with push release button and zero point magnetic end hook.

### Stainless Steel Slate Ripper

**600mm**

Stainless steel flexible spring tempered blade and straight heavy handle with recessed grip.

### Super Strength Rubble Sacks

**Pack of 10**

Heavy-duty rubble and refuse sacks. Suitable for a variety of uses.

### Tarpaulin

**3.5 x 5.4m**

High strength woven plastic with seamed edges with metal eyelets.

### Trimming Knife Fixed Blade

Trimming knife with fixed blade.

### Trimming Knife Retractable Blade

Trimming knife with retractable blade.

### Tar Brush

To paint tar along seams and joins for a quality waterproof finish, featuring a turned wooden handle.

### Type 11 Staples

**10mm (Pack of 2000)**

**12mm (Pack of 2000)**

High quality, strong staples.

## PERSONAL PROTECTIVE EQUIPMENT

### Polyester Tool Pouch & Belt

---

Features a hammer sling, two screwdriver / pencil pockets and a large tool pouch. Made from high strength woven polyester.

### Mini Gel Knee Pads

---

Mini Gel Knee Pads with air injected gel foam for increased comfort and longer life. Super lightweight design. Ideal for indoor and outdoor use. Complete with an adjustable elasticated strap.

### Standard Build Grip Glove (Orange)

---

**L & XL**

Orange standard builders grip glove, latex coated, crinkle finish, polyester / cotton liner.

### Smart PVC Coated Glove (Red)

---

**Size 9 & 10**

Red fully coated PVC 35cm gauntlet. Suitable for general handling, maintenance and assembly. Manufactured to EN388.

### Nitrile Coated Glove (Black)

---

**Size 9 & 10**

100% Black seamless nylon liner 13 gauge. Solid nitrile coated to palms and fingers. Ventilated back for extra comfort. Manufactured to EN388.
