

INDUSTRIAL ROOFING CENTRE

We only work with, and supply quality materials from, leading manufacturers in the industry. That way you can have total confidence in our products.

Our leading position in the industry means we can source many products in the marketplace, supplying either individual components or whole solutions. With our streamlined management approach, we simplify your buying process and co-ordinate site deliveries, including any specific off-load requirements you may have.

PRODUCT RANGE

- Metal Profiled Sheetting
- Fibre Cement
- Built Up Systems
- Composite Panels
- Rooflights
- Flashing & Fabrication
- Purlins
- Galvanised Guttering
- Fixings & Sealants
