SIG ROOFING

Solar

Helping our customers make the switch to renewable energy

RETROFIT AND NEW BUILD FOR RESIDENTIAL HOMES AND COMMERCIAL SCHEMES

A full range of products/kits that are picked, packed and shipped to your desired UK site locations.

We are a leading provider of roofing and construction materials, distributing Tier 1 solar equipment and services to roofing contractors throughout the UK. With over 105 branches, dedicated solar hubs and training facilities we are committed to providing our customers with top-tier products and services.

How we can support you with Solar

✓ EXPERIENCE & KNOWLEDGE

Our team of experts offers a full range of roof mounting and all associated solar equipment. From solar panels to inverters, we have everything you need to power your project with renewable solar energy.

✓ DESIGN SERVICE

We also offer professional out-sourced design services to help you create a customised solar solution that meets the unique needs of any project. Our experienced design team will work closely with you to develop a plan that maximises renewable energy, energy efficiency and carbon saving for any project.

✓ QUALITY PRODUCTS

With SIG Roofing, you can trust that you're working with a company that is committed to providing quality products and services. Whether you're looking to install solar panels on your home or business, or you're looking to expand your solar energy knowledge, we're here to help.

✓ TRAINING SERVICE

We are dedicated to helping our customers and partners get the most out of their roofing and solar project. That's why we offer comprehensive training services to ensure that you have the knowledge and skills necessary to install and maintain solar equipment alongside your roofing project.
